## INTRODUCTION

Easy Help Desk delivers processes, documents, and reports that simplify both on-premise SAP Payroll and Employee Central Payroll shared service center activities, increase efficiency, and lower support costs.

By empowering the first tier of agents to answer more questions on their own, more skilled agents are free to work on more complex issues.

### **FASTER ISSUE RESOLUTION**

Easy Help Desk quickly identifies data changes and events like retroactivity that impact payroll results and makes issue resolution easier by highlighting explanations for the changes.

### **COMPREHENSIVE REPORTS & DOCUMENTS**

Shared services staff can choose from a suite of pre-delivered reports and documents that can be easily run and e-mailed to employees to speed up the resolution of an HCM or Payroll query.

### **IMPROVED BUSINESS PROCESSES**

Easy Help Desk provides a real-time view into payroll results from one or more pay periods in a single dashboard inside SAP Payroll or Employee Central Payroll.

The result is an easy-to-use platform that provides a consistent way for teams to research and resolve issues.

## What happens when you use Easy Help Desk

Answer payroll & HCM questions in less time

Analyze payroll results from a single screen

Automatically identify causes of variances

E-mail documents to employees in seconds

Pre-delivered, time-saving reports

Supports many payroll country versions

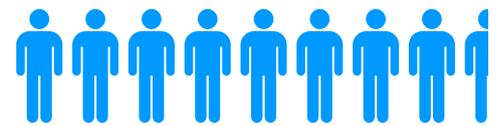

Easy Help Desk fully supports both on-premise SAP Payroll and Employee Central Payroll. It radically simplifies shared service activities by allowing users to quickly research and resolve employee payroll queries from a single screen.

Easy Help Desk empowers the first tier of payroll support to answer more questions, allowing more skilled support personnel to spend time resolving your most difficult challenges.

## A Real-Life Case Study

In order to measure the effect Easy Help Desk has on its shared service center efficiency, a large global services provider performed a side-by-side study that tracked the time spent resolving the same 900 queries using both traditional methods and Easy Help Desk.

The results showed that the issues resolved using Easy Help Desk required 80% less involvement from level one support staff than the same issues resolved through traditional shared service center methods.
